

CONSIDER IT DONE!

Being first is never easy but continuing to be first is even harder. We make it our business to make your day better and we've successfully been doing it for 22 years. We're accustomed to taking care of the hectic and mundane tasks that steal your time and rob you of enjoying the evening and weekends you "used to have." Our job is pretty straight forward. Work hard, make it look easy and exceed expectations.

Recognizing that your every day life is hectic and stressful, your Capitol Concierge looks for ways to make your day easier. We know there isn't enough time in the day to do the important things. Those things that make a difference: like flying a kite on a Saturday afternoon with your kids, relaxing in a tub filled with bubbles or simply having a glass of wine with the one you love.

Sound too easy? We make it simple and we work to keep it that way. Call us, we're in the phone book, on the web, by email, but most important available to you when you need us. We're the best time management tool you'll find. Enjoy having your weekends back and Consider it Done!

Kids to pick up or dinner reservations to make? Call your Capitol Concierge and you can Consider it Done! We serve thousands of people each day who have come to rely upon our creativity and resourcefulness. If you have a special occasion coming up and need some ideas, your concierge has the ideas to make it spectacular.

No time to plan, shop or cook for an intimate dinner for 2 or 100 of your closest friends? Why worry? Call your concierge and enjoy the evening while a personal chef plans, cooks and serves your guests as you receive all the compliments for such a terrific evening.

Going away for the weekend or several weeks? Call your concierge to have your plants watered, your dog fed and walked and your cat adored.
